

MEASURE 34-297

Proposed Library Levy Renewal

If approved, Measure 34-297 would renew a five-year levy for July 2021 – June 2026, which would provide 40% of funding for Washington County Cooperative Library Services (WCCLS). This would support:

- Public library operations
- Reading programs for children
- Book purchases
- The countywide online catalog and book delivery between libraries

If approved, this levy would maintain a fixed rate of \$0.22 per \$1,000 of assessed value, which would be unchanged from the current rate. In 2021, typical homeowners with an assessed value of \$300,000 would pay \$66 per year.

If the measure does not pass, the tax would not be assessed and reductions in service levels would likely occur, including:

- Reductions in library hours
- Reductions in book purchases and events
- Reductions in countywide services, such as the countywide online catalog and book delivery
